PATHWAYS

Niagara College offers many opportunities to continue your studies at several partner universities in Canada and abroad to advance your credentials from a diploma to a degree. Here are some popular choices. For more pathway options please visit www.niagaracollege.ca/pathways.

Brock's pathway program consists of 11-12.5 credits. As a typical course load is five credits, students may be required to take spring/summer courses or an extra term, depending on their individual situation. Please note: the program's host institution makes final admission decisions and admission is not guaranteed. Many of the programs are considered competitive and a high degree of academic performance must be maintained to complete pathway programs.

STUDY | WORK | ABROAD

Niagara College's Be World Ready program offers students life-changing study and work abroad opportunities around the world – while also connecting them to practical intercultural learning opportunities within the community. Creating “work-ready” and “world-ready” graduates, these experiences provide students with the chance to develop unique global and cultural skills wanted by employers in an increasingly global and diverse workforce.

Opportunities include international field studies (IFS), exchanges, internships, volunteer activities, degree completion pathways, and global classroom projects and outreach.

For more information please visit www.beworldready.ca.

“I was able to work on-campus by helping international students with their questions and I did my internship with the college’s organization, NCTakeOff, which assists young entrepreneurs with their business plans. While studying at Niagara College, I was able to work off-campus organizing a job fair that gathered top businesses in the area and offered students part-time employment. Niagara College is a place that reflects their slogan, Applied Dreams.”
